On June 28, 2013, we completed our offering of 3,528,580 shares of common stock at \$5.50 per share for gross proceeds of \$19,407,190. These shares were issued without registration under the Securities Act by reason of the exemption from registration afforded by the provisions of Section 4(a)(5) and/or Section 4(a)(2) thereof, and Rule 506 promulgated thereunder, as a transaction by an issuer not involving any public offering. Each of the 187 investors in this offering was an accredited investor as defined in Regulation D. Each investor delivered appropriate investment representations with respect to these sales and consented to the imposition of restrictive legends upon the stock certificates representing the shares. Each investor was afforded the opportunity to ask questions of our management and to receive answers concerning the terms and conditions of the transaction. Commissions were paid to registered sales agents for shares placed by the agents. The shares sold in this offering have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.
