Unless the context requires otherwise, references in this proxy statement to "Ring," the "Company," "we," "us" and "our" are to Ring Energy, Inc., a Nevada corporation, and its consolidated subsidiaries. Unless the context otherwise requires, references to the "stockholders" are to the holders of shares of our common stock, par value \$0.001 per share ("**Common Stock**").

This proxy statement and accompanying form of proxy are being mailed to our stockholders on or about November 29, 2016. Our Annual Report on Form 10-K (the "**Annual Report**") covering the year ended December 31, 2015 and our Quarterly Report on Form 10-Q covering the period ended September 30, 2016 are enclosed, but do not form any part of the materials for solicitation of proxies.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will act upon the matters outlined in the Notice, including (1) the election of six directors to our Board, each for a term ending on the date of the 2017 Annual Meeting of Stockholders (this proposal is referred to as the "**Election of Directors**"); (2) a non-binding, advisory vote to approve named executive officer compensation (this proposal is referred to as "**Executive Compensation**"); (3) the ratification of the appointment of Eide Bailly LLP as our independent registered public accounting firm (this proposal is referred to as the "**Ratification of Eide Bailly**"); and (4) the transaction of such other business as may arise that can properly be conducted at the Annual Meeting or any adjournment or postponement thereof. Also, management will report on our performance during the last fiscal year and respond to questions from our stockholders.

What is a proxy?

A proxy is another person that you legally designate to vote your stock. If you designate a person or entity as your proxy in a written document, that document is also called a proxy or a proxy card.

What is a proxy statement?

It is a document that regulations of the Securities and Exchange Commission (the "**SEC**") require that we give to you when we ask you to sign a proxy card to vote your stock at the Annual Meeting.

What is “householding” and how does it affect me?

One copy of the Notice, this proxy statement and the Annual Report (collectively, the “*Proxy Materials*”) will be sent to stockholders who share an address, unless they have notified us that they want to continue receiving multiple packages. This practice, known as “householding,” is designed to reduce duplicate mailings and save significant printing and postage costs. If you received a householded mailing this year and you would like to have additional copies of the Proxy Materials mailed to you or you would like to opt out of this practice for future mailings, we will promptly deliver such additional copies to you if you submit your request in writing to William R. Broaddrick, Chief Financial Officer, 6555 Lewis Ave., Suite 200, Tulsa, OK, 74136 or by telephone at (918) 499-3880. You may also contact us in the same manner if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future. The Proxy Materials are also available on our website: www.ringenergy.com.

What should I do if I receive more than one set of voting materials?

Despite our efforts related to householding, you may receive more than one set of Proxy Materials, including multiple copies of the proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. Similarly, if you are a stockholder of record and hold shares in a brokerage account, you will receive a proxy card and a voting instruction card. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all your shares are voted at the Annual Meeting.

What is the record date and what does it mean?

The record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on November 18, 2016 (the “*Record Date*”). The Record Date is established by our Board as required by Nevada law. On the Record Date, we had 41,917,061 shares of Common Stock issued and outstanding.

What is a quorum?

A quorum is the presence at the Annual Meeting, in person or by proxy, of the holders of at least one-third of the shares of our Common Stock outstanding and entitled to vote as of the Record Date. There must be a quorum for the Annual Meeting to be held. If a quorum is not present, the Annual Meeting may be adjourned until a quorum is reached. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of votes considered to be present at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Subject to the limitations set forth below, stockholders at the close of business on the Record Date may vote at the Annual Meeting.

What are the voting rights of the stockholders?

Each holder of Common Stock is entitled to one vote per share of Common Stock on all matters to be acted upon at the Annual Meeting. Neither our Articles of Incorporation, as amended, nor our Bylaws allow for cumulative voting rights.

What is the difference between a stockholder of record and a “street name” holder?

Most stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned in street name.

- *Stockholder of Record.* If your shares are registered directly in your name with Standard Registrar and Transfer Company Inc., our transfer agent, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to grant your voting proxy directly or to vote in person at the Annual Meeting.
- *Street Name Stockholder.* If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name." As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.

How do I vote my shares?

Stockholders of Record: Stockholders of record may vote their shares or submit a proxy to have their shares voted by one of the following methods:

- *By Mail.* You may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.
- *In Person.* You may vote in person at the Annual Meeting by completing a ballot; however, attending the Annual Meeting without completing a ballot will not count as a vote.

Street Name Stockholders: Street name stockholders may generally vote their shares or submit a proxy to have their shares voted by one of the following methods:

- *By Mail.* You may indicate your vote by completing, signing and dating your proxy card or other information forwarded by your bank, broker or other holder of record and returning it in the enclosed reply envelope.
- *In Person with a Proxy from the Record Holder.* You may vote in person at the Annual Meeting if you obtain a legal proxy from your bank, broker or other nominee. Please consult the voting form or other information sent to you by your bank, broker or other nominee to determine how to obtain a legal proxy in order to vote in person at the Annual Meeting.

Can I revoke my proxy?

Yes. If you are a stockholder of record, you can revoke your proxy at any time before it is exercised by:

- submitting written notice of revocation to the Company, Attention: William R. Broaddrick, Chief Financial Officer, 6555 Lewis Ave., Suite 200, Tulsa, OK, 74136, no later than December 12, 2016;
- submitting another proxy with new voting instructions by mail;
or
- attending the Annual Meeting and voting your shares in person.

If you are a street name stockholder and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

May I vote confidentially?

Yes. We treat all stockholder meeting proxies, ballots and voting tabulations confidentially if the stockholder has requested confidentiality on the proxy or ballot.

If you so request, your proxy will not be available for examination and your vote will not be disclosed prior to the tabulation of the final vote at the Annual Meeting except (1) to meet applicable legal requirements or (2) to allow the independent election inspectors to count and certify the results of the vote. The independent election inspectors may, however, at any time inform us whether or not a stockholder has voted.

What is the effect of broker non-votes and abstentions and what vote is required to approve each proposal?

If you hold your shares in “street name,” you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the NYSE MKT LLC (the “*NYSE MKT*”).

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a “broker non-vote” results. Although any broker non-vote would be counted as present at the Annual Meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when stockholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting.

If your shares are held in street name and you do not give voting instructions, the record holder will not be permitted to vote your shares with respect to Proposal 1 (*Election of Directors*) or Proposal 2 (*Executive Compensation*), and your shares will be considered broker non-votes with respect to these proposals. If your shares are held in street name and you do not give voting instructions, the record holder will nevertheless be entitled to vote your shares with respect to Proposal 3 (*Ratification of Eide Bailly*) in the discretion of the record holder.

- *Proposal 1 (Election of Directors)*: To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes cast by the holders of our Common Stock, present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. This means that director nominees who receive the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director’s election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes and abstentions will not be counted as votes cast, and, accordingly, will have no effect on the outcome of the vote for directors.
- *Proposal 2 (Executive Compensation)*: To consider and vote upon, on a non-binding, advisory basis, a resolution to approve the compensation of the named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement. This vote is advisory, which means that the vote on executive compensation is not binding on the Company, its Board of Directors, or the Compensation Committee.
- *Proposal 3 (Ratification of Eide Bailly)*: Ratification of the appointment of Eide Bailly LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016, requires the affirmative vote of the holders of a majority of the votes cast by the holders of our Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. Abstentions and broker non-votes will not be counted as votes either for or against this proposal, and, accordingly, will have no effect the outcome of this proposal.

Our Board has appointed William R. Broadrick as the management proxy holder for the Annual Meeting. If you are a stockholder of record, your shares will be voted by the management proxy holder in accordance with the instructions on the proxy card you submit by mail. For stockholders who have their shares voted by duly submitting a proxy by mail, the management proxy holder will vote all shares represented by such valid proxies as our Board recommends, unless a stockholder appropriately specifies otherwise.

Our Board recommends a vote:

- **FOR** each of the nominees for director;
- **FOR** non-binding, advisory approval of named executive officer compensation; and
- **FOR** the ratification of the appointment of Eide Bailly LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

What happens if additional proposals are presented at the Annual Meeting?

Other than the matters specified in the Notice, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the management proxy holder will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. Under our bylaws, the deadline for notifying us of any additional proposals to be presented at the Annual Meeting has passed and, accordingly, stockholders may not present proposals at the Annual Meeting.

Who will bear the cost of soliciting votes for the Annual Meeting?

We will bear all expenses of soliciting proxies. We have engaged Broadridge Financial Solutions, Inc. to aid in the distribution of proxy materials and to provide voting and tabulation services for the Annual Meeting. Directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with any solicitation. In addition, we may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of our Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners.

May I propose actions for consideration at the 2017 Annual Meeting of Stockholders or nominate individuals to serve as directors?

You may submit proposals for consideration at future stockholder meetings, including director nominations. Please read "Stockholder Proposals and Director Nominations for the 2017 Annual Meeting" for information regarding the submission of stockholder proposals and director nominations for consideration at next year's annual meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will elect six directors to serve on the Board until the 2017 Annual Meeting or until their successors are duly elected and qualified. Upon the recommendation of the Nominating and Corporate Governance Committee of the Board, our Board has nominated as directors the following six individuals, each of whom is presently serving as a director.

We neither paid any third-party fees to assist in the process of identifying or evaluating candidates nor did we receive any stockholder nominations for director. Each nominee is currently a director and was previously elected to our Board by our stockholders in 2015. Each nominee has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve if elected.

Stockholders may not cumulate their votes in the election of our directors. We have no reason to believe that the nominees will be unable or unwilling to serve if elected. However, if a nominee should become unable or unwilling to serve for any reason, proxies may be voted for another person nominated as a substitute by our Board.

In 1999, Mr. Hoffman arranged financing and acquired 12,000 acres in Lubbock and Crosby counties. After drilling and completing 19 successful wells, unitizing the acreage, and instituting a secondary recovery project, he sold his interest in the property to Arrow Operating Company. Mr. Rochford has successfully formed, developed and sold/merged four natural resource companies, two of which were listed on the New York Stock Exchange. The most recent, Arena, was founded by Mr. Rochford and his associate Stanley McCabe in August 2000. From inception until May 2008, Mr. Rochford served as President, Chief Executive Officer and as a director of Arena. Stanley M. McCabe – Director. Mr. McCabe, 84, has been active in the oil and gas industry for over 30 years, primarily seeking individual oil and gas acquisition and development opportunities. BOARD RECOMMENDATION ON PROPOSAL

The Board unanimously recommends a vote **FOR** the election of each of the director nominees named above. The management proxy holder will vote all properly submitted proxies **FOR** election unless properly instructed otherwise.

CORPORATE GOVERNANCE AND OUR BOARD

General

Our Board currently consists of six members. The Company's Articles of Incorporation and Bylaws provide for the annual election of directors. At each annual meeting of stockholders, our directors will be elected for a one-year term and serve until their respective successors have been elected and qualified.

Our Board held seven meetings during the fiscal year ending on December 31, 2015. During the fiscal year ending on December 31, 2015, no directors attended fewer than 75% of the total number of meetings of our Board and committees on which that director served.

We encourage, but do not require, our directors to attend annual meetings of stockholders. At our last Annual Meeting of Stockholders, all serving members of our Board attended.

Board Independence

As required under the listing standards of the NYSE MKT, a majority of the members of our Board must qualify as independent, as affirmatively determined by our Board. Our Nominating and Corporate Governance Committee evaluated all relevant transactions and relationships between each director, and any of his or her family members, and our Company, senior management and independent registered accounting firm. Based on this evaluation and the recommendation of our Nominating and Corporate Governance Committee, our Board has determined that Clayton E. Woodrum, Anthony B. Petrelli, Lloyd T. Rochford, and Stanley M. McCabe are each an independent director, as that term is defined in the listing standards of the NYSE MKT.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and an Executive Committee, the composition and responsibilities of which are briefly described below. The charters for each of these committees shall be provided to any person without charge, upon request. The charters are also available on the Company's website at www.ringenergy.com. Requests may be directed to Ring Energy, Inc., 6555 S. Lewis Ave., Suite 200, Tulsa, Oklahoma 74136, Attention: William R. Broaddrick, or by calling (918) 499-3880. The information on, or that can be accessed through our website, is not incorporated by reference into this proxy statement and should not be considered part of this proxy statement. Our Board, in its business judgment, has determined that the Compensation Committee, Audit Committee and Nominating and Corporate Governance Committee are comprised entirely of independent directors as currently required under the listing standards of the NYSE MKT and applicable rules and requirements of the SEC. The Board may also delegate certain duties and responsibilities to the committees it establishes; for example, the Board may delegate the duty of determining appropriate salaries for our executive officers from time to time.

Audit Committee

The Audit Committee's principal functions are to assist the Board in monitoring the integrity of our financial statements, the independent auditor's qualifications and independence, the performance of our independent auditors and our compliance with legal and regulatory requirements. The Audit Committee has the sole authority to retain and terminate our independent auditors and to approve the compensation paid to our independent auditors. The Audit Committee is also responsible for overseeing our internal audit function. The Audit Committee is comprised of Messrs. Woodrum, Petrelli and McCabe, with Mr. Woodrum acting as the chairman. Our Board determined that Mr. Woodrum qualified as "audit committee financial expert" as defined in Item 407 of Regulation S-K promulgated by the SEC. Each of Messrs. Woodrum, Petrelli and McCabe further qualified as "independent" in accordance with the applicable regulations of the NYSE MKT definition of independent director set forth in the Company Guide, Part 8, Section 803(A). The Audit Committee met four times during the fiscal year ending December 31, 2015.

Compensation Committee

The Compensation Committee's principal function is to make recommendations regarding the compensation of the Company's officers. In accordance with the rules of the NYSE MKT, the compensation of our chief executive officer is recommended by the Compensation Committee to the Board (in a proceeding in which the chief executive officer does not participate). Compensation for all other officers is also recommended to the Board for determination by the Compensation Committee. The Compensation Committee is comprised of Messrs. Rochford and McCabe, with Mr. Rochford acting as the chairman.

The Compensation Committee is delegated all authority of the Board as may be required or advisable to fulfill the purposes of the Compensation Committee. The Compensation Committee may form and delegate some or all of its authority to subcommittees when it deems appropriate. Meetings may, at the discretion of the Compensation Committee, include members of the Company's management, other members of the Board, consultants or advisors, and such other persons as the Compensation Committee or its chairperson may determine.

The Compensation Committee has the sole authority to retain, amend the engagement with, and terminate any compensation consultant to be used to assist in the evaluation of director, chief executive officer or executive officer compensation, including employment contracts and change in control provisions. The Compensation Committee has sole authority to approve the consultant's fees and other retention terms and has authority to cause the Company to pay the fees and expenses of such consultants. The Compensation Committee did not retain any compensation consultants for the fiscal year ending December 31, 2015.

Each member of the Compensation Committee during the fiscal year ending December 31, 2015 was an "outside director" as defined under section 162(m) of the Internal Revenue Code, as amended (the "*Code*") and was "independent" as defined in the applicable rules of the NYSE MKT and the SEC. The Compensation Committee held two meetings during the fiscal year ending December 31, 2015.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's principal functions are to (a) identify and recommend qualified candidates to the Board of Directors for nomination as members of the Board and its committees, and (b) develop and recommend to the Board corporate governance principles and policies applicable to the Company. The Nominating and Corporate Governance Committee is comprised of Messrs. Rochford and McCabe, with Mr. Rochford acting as the chairman.

Each member of the Nominating and Corporate Governance Committee during the fiscal year ending December 31, 2015, was "independent" as defined in the applicable rules of the NYSE MKT and the SEC. The Nominating and Corporate Governance Committee met two times during the fiscal year ending December 31, 2015.

Director Nominations and Qualifications

Under its charter, the Nominating and Corporate Governance Committee identifies qualified candidates to serve as Board members as necessary to fill vacancies or the additional needs of the Board, and reviews and evaluates candidates recommended by stockholders of the Company. The Nominating and Corporate Governance Committee considers qualified candidates from several sources, including stockholders. The Nominating and Corporate Governance Committee may, but has not, retained an outside consultant to evaluate or assist in identifying or evaluating potential director candidates.

Any stockholders desiring to propose a nominee to the Board should submit such proposed nominee for consideration by the Nominating and Corporate Governance Committee, including the proposed nominee's qualifications, to Mr. William R. Broadrick, Ring Energy, Inc., 6555 Lewis Ave., Suite 200, Tulsa, OK, 74136. Stockholders who meet certain requirements specified in our by-laws may also nominate candidates for inclusion in our proxy materials for an annual meeting as described in "Stockholder Proposals and Director Nominations for the 2017 Annual Meeting." There are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or the incumbent directors.

Whether nominated by a shareholder or through the activities of the Nominating and Corporate Governance Committee, the Nominating and Corporate Governance Committee seeks to select candidates who have distinguished records of leadership and success in their arena of activity and who will make substantial contributions to Board operation and effectively represent the interests of all stockholders. The Nominating and Corporate Governance Committee's assessment of candidates will include, but not be limited to, consideration of: (i) roles and contributions valuable to the business community; (ii) personal qualities of leadership, character, judgment, and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence, and adherence to the highest ethical standards; (iii) relevant knowledge and diversity of background and experience in such things as the Company's industry, and in general, business, manufacturing, technology, finance and accounting, marketing, international business, government, and the like; or (iv) whether the candidate is free of conflicts and has the time required for preparation, participation, and attendance at all meetings. A director's qualifications in light of these criteria are considered at least each time the director is re-nominated for Board membership. The Committee will also evaluate whether the candidate's skills are complementary to the existing Board members' skills, the Board's needs for particular expertise in fields such as business, manufacturing, technology, financial, marketing, international, governmental, or other areas of expertise, and assess the candidate's impact on Board dynamics and effectiveness. The Committee selects candidates that best suit the Board's current needs and recommends one or more of such individuals to the Board. Exacting membership criteria and a rigorous selection process help ensure that candidates recommended to the Board will effectively represent the balanced best interests of all stockholders.

Board of Directors Diversity

The Board encourages a diversity of backgrounds among its members; however, it does not have a formal diversity policy with regard to the consideration of diversity in identifying director nominees. The Board considers candidates with significant direct or indirect energy industry experience that will provide the Board as a whole the talents, skills, diversity and expertise to serve the long-term interests of the Company and its stockholders.

Executive Committee

The Executive Committee's principal function is to exercise the powers and duties of the Board between Board meetings and while the Board is not in session, and implement the policy decisions of the Board. The Executive Committee is comprised of Messrs. Rochford and McCabe and met two times during the fiscal year ending December 31, 2015.

Code of Ethics and Code of Business Conduct

We have adopted a Code of Ethics that applies to our Chief Executive Officer, President, and Chief Financial Officer, as well as the principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar function to ensure the highest standard of ethical conduct and fair dealing.

We have also adopted a Code of Business Conduct covering a wide range of business practices and procedures that applies to all of our officers, directors, and employees to help to promote honest and ethical conduct. The Code of Business Conduct covers standards for professional conduct, including, among others, conflicts of interest, insider trading, confidential information, protection and proper use of Company assets, and compliance with all laws and regulations applicable to the Company's business.

These documents will be provided to any person without charge upon request to Mr. William R. Broaddrick, Ring Energy, Inc., 6555 Lewis Ave., Suite 200, Tulsa, OK, 74136, and are available on the Company's website at www.ringenergy.com.

Board Leadership Structure

The Chairman of the Board is selected by the members of the Board. The positions of Chairman and Chief Executive Officer are separate. The Board has determined that the current structure is appropriate at this time in that it enables Mr. Hoffman to focus on his role as Chief Executive Officer of the Company, while enabling Mr. Rochford, the Chairman of our Board, to continue providing leadership on policy at the Board level. Although the roles of Chief Executive Officer and Chairman are currently separated, the Board has not adopted a formal policy requiring such separation. The Board believes that the right leadership structure on the Board should, among other things, be determined by the needs and circumstances of the Company and the then current membership of the Board, and that the Board should remain adaptable to shaping the leadership structure as those needs and circumstances change.

Board Risk Assessment and Control

The Board considers risk oversight and management to be an integral part of its role. Our risk management program is overseen by our Board and its committees, with support from our management. Our Board utilizes an enterprise-wide approach to oil and gas industry risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is a thorough understanding of the risks a company faces, understanding of the level of risk appropriate for our Company and the steps needed to manage those risks effectively. The involvement of all members of the Board in setting our business strategy is a key part of its overall responsibilities and, together with management, determines what constitutes an appropriate level of risk for our Company. Our Board believes that its practice of including all members of our management team in our risk assessments allows the Board to more directly and effectively evaluate management capabilities and performance, more effectively and efficiently communicate its concerns and wishes to the entire management team and provides all members of management with a direct communication avenue to the Board.

While our Board has the ultimate oversight responsibility for the risk management process, other committees of our Board also have responsibility for specific risk management activities. In particular, the Audit Committee focuses on financial risk management, including internal controls, and oversees compliance with regulatory requirements. In setting compensation, the Compensation Committee approves compensation programs for the officers and other key employees to encourage an appropriate level of risk-taking behavior consistent with our business strategy.

More information about the Company's corporate governance practices and procedures is available on the Company's website at www.ringenergy.com.

Stockholders desiring to communicate with our Board, or any director in particular, may do so by mail addressed as follows: Attn: Board of Directors, Ring Energy, Inc., 901 West Wall St., 3rd Floor, Midland, TX 79702. Our Chief Executive Officer, Chief Financial Officer or Corporate Secretary review each such communication received from stockholders and other interested parties and will forward the communication, as expeditiously as reasonably practicable, to the Board (or individual director) if: (1) the communication complies with the requirements of any applicable policy adopted by us relating to the subject matter; or (2) the communication falls within the scope of matters generally considered by our Board.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of our executive compensation program and should not be understood to be statements of management's expectations or estimates of results or other guidance. We specifically caution stockholders not to apply these statements to other contexts.

Introduction

This Compensation Discussion and Analysis (1) provides an overview of our compensation policies and programs; (2) explains our compensation objectives, policies and practices with respect to our executive officers; and (3) identifies the elements of compensation for each of the individuals identified in the following table, whom we refer to in this proxy statement as our "named executive officers" for the fiscal year ending December 31, 2015.

<u>Name</u>	<u>Principal Position</u>
Kelly Hoffman	Chief Executive Officer, effective January 1, 2013
David A. Fowler	President, effective January 1, 2013
Daniel D. Wilson	Executive Vice President, effective December 17, 2013

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to (i) all individuals serving as the Company's principal executive officer or acting in a similar capacity during the last completed fiscal year ("PEO"), regardless of compensation level, and (ii) all individuals serving as the Company's principal financial officer or acting in a similar capacity during the last completed fiscal year ("PFO"), regardless of compensation level. As of the end of the last completed fiscal year, the Company had two executive officers other than the PEO and PFO, and this discussion includes the material elements of compensation awarded to, earned by or paid to such executive officers. This section omits tables and columns if there has been no compensation awarded to, earned by, or paid to any of the named executive officers or directors required to be reported in such table or column in any fiscal year covered by such table.

Objectives and Philosophy of Our Executive Compensation Program

Ring strives to attract, motivate and retain high-quality executives by providing total compensation that is performance-based and competitive within the labor market in which the Company competes for executive talent as a public company. Our compensation program is intended to align the interests of management with the interests of stockholders by linking pay with performance, thereby incentivizing performance and furthering the ultimate goal of increasing stockholder value.

Setting Executive Compensation

Our current executive compensation programs are determined and approved by our Compensation Committee. The Compensation Committee takes into consideration the recommendations by our Chairman of the Board and our Chief Executive Officer as to compensation of executive officers other than the Chief Executive Officer. None of the named executive officers are members of the Compensation Committee. The Compensation Committee has the direct responsibility and authority to review and approve the Company's goals and objectives relative to the compensation of the named executive officers, and to determine and approve (either as a committee or with the other members of the Company's Board of Directors who qualify as "independent" directors under applicable guidelines adopted by the NYSE MKT, LLC) the compensation levels of the named executive officers.

Our current executive compensation programs are intended to achieve two objectives. The primary objective is to enhance the profitability of the Company, and thus, shareholder value. The second objective is to attract, motivate, reward and retain employees, including executive personnel, who contribute to the long-term success of the Company. As described in more detail below, the material elements of our current executive compensation program for named executive officers include three major elements: a base salary, discretionary annual bonuses and discretionary stock options grants.

Elements of our Executive Compensation Program

General

The Company believes that each element of the executive compensation program helps to achieve one or both of the Company's compensation objectives outlined above. Our executive's compensation is based on individual and Company performance and designed to attract, retain and motivate highly qualified executives while creating a strong connection to financial and operational performance and shareholder value.

The table below lists each material element of our executive compensation program and the compensation objective or objectives that it is designed to achieve.

Compensation Element	Compensation Objectives
Base Salary	Attract and retain qualified executives; Motivate and reward executives' performance.
Bonus Compensation	Motivate and reward executive's performance; Enhance profitability of Company and stockholder value.
Equity-Based Compensation – stock options and restricted stock grants	Enhance profitability of Company and stockholder value by aligning long-term incentives with stockholders' long-term interests.

As illustrated by the table above, base salary is primarily intended to attract and retain qualified executives. This is the element of the Company's current executive compensation program where the value of the benefit in any given year is not wholly dependent on performance. Base salaries are intended to attract and retain qualified executives as well as to reward and/or motivate executives. Base salaries are reviewed annually and take into account: experience and retention considerations; past performance; improvement in historical performance; anticipated future potential performance; and other issues specific to the individual executive.

There are specific elements of the current executive compensation program that are designed to reward performance and enhance profitability and shareholder value and, therefore, the value of these benefits is based on performance. The Company's discretionary annual bonus plan is primarily intended to motivate and reward named executive officers' performance to achieve specific strategies and operating objectives, as well as improved financial performance. The Company also awards stock options and restricted stock grants to promote long-term value creation for stockholders and to retain talented executives for an extended period.

The Compensation Committee does not currently benchmark executive compensation to any other companies. The Compensation Committee believes that bonuses and equity compensation should fluctuate with the Company's success in achieving financial, operating and strategic goals. The Committee's philosophy is that the Company should continue to use long-term compensation such as stock options to align shareholders' and executives' interests and should allocate a portion of long-term compensation to the entire executive compensation package.

The Company has never retained an outside consultant in establishing its compensation program or in establishing any specific compensation for an executive officer.

In determining 2015 executive compensation, the Compensation Committee considered the outcome of the say-on-pay vote at the most recent annual meeting as supportive of our pay practices and programs. As a result, the Compensation Committee concluded that the 2015 compensation paid to our named executive officers and our overall pay practices did not require changes; although, the Compensation Committee will continue to evaluate the Company's compensation program to ensure competitiveness, the alignment of the Company's executive compensation with stockholders' interests and to meet other compensation objectives.

Base Salary

The Compensation Committee believes base salary is an integral element of executive compensation to provide executive officers with a base level of monthly income. Similar to most companies within the industry, our policy is to pay named executive officers' base salaries in cash. Base salary is reviewed annually by the Compensation Committee. The base salary of each named executive officer is reviewed annually, with the salary of the Chief Executive Officer being established by the Compensation Committee and the salaries of the other executive officers being determined and approved by the Compensation Committee after consideration of recommendations by the Chairman of the Board and Chief Executive Officer.

Effective July 1, 2012, the Compensation Committee designated a salary of \$100,000 for Mr. Broaddrick. Effective September 1, 2012, the Compensation Committee recommended an increase of \$25,000 for Mr. Broaddrick.

Mr. Hoffman joined the Company effective January 1, 2013, and the Compensation Committee designated a salary of \$175,000.

Mr. Fowler joined the Company effective January 1, 2013, and the Compensation Committee designated a salary of \$150,000.

Mr. Wilson joined the Company effective January 1, 2013 and the Compensation Committee designated a salary of \$150,000.

Annual Bonuses

The Company does not have a formal policy regarding bonuses, and payment of bonuses has been purely discretionary and is largely based on the recommendations of the Compensation Committee. Cash incentive bonuses are designed to provide our executive officers with an incentive to achieve the Company's business goals and objectives. Cash bonuses are not expected to be a significant portion of the executive compensation package. Cash bonuses are determined for named executive officers based on his or her performance in the prior year, his or her expected future contribution to the performance of the Company, and other competitive data on grant values of peer companies.

Cash bonuses were granted to all employees in December 2013. The Named Executive Officers were not granted cash bonuses in 2014 or 2015. The annual discretionary bonus is reported in the "Bonus" column of the "Summary Compensation Table" for each named executive officer.

Equity-Based Compensation – Options and Restricted Stock Grants

It is our policy that the named executive officers' long-term compensation should be directly linked to enhancing profitability and value provided to the Company's stockholders. Accordingly, the Compensation Committee grants equity awards under the Company's long term incentive plan designed to link an increase in shareholder value to compensation. Mr. Broaddrick was granted non-qualified stock options in 2012, 2013, 2014 and 2015. Messrs. Hoffman, Fowler and Wilson were granted non-qualified stock options in 2013, 2014 and 2015.

Stock option grants are valued using the Black-Scholes Model and are calculated as a part of the executive compensation package for the year based on the amount of requisite the service period served. Non-qualified stock options for named executive officers and other key employees generally vest ratably over five years. No restricted stock was granted to any of the named executive officers. The Compensation Committee believes that these awards encourage named executive officers to continue to use their best professional skills and to retain named executive officers for longer terms.

Grants are determined for named executive officers based on his or her performance in the prior year, his or her expected future contribution to the performance of the Company, and other competitive data on grant values of peer companies. Awards may be granted to new key employees or named executive officers on hire date. An award is granted on the date specified by the Compensation Committee as the effective date of the grant or date of grant of an award, or, if the Compensation Committee does not specify a date, the date on which the Compensation Committee adopts the resolution approving the offer of an award. The Company has no program or practice to coordinate timing of grants with release of material, nonpublic information. The grant date fair value as determined under generally accepted accounting principles is shown in the "Summary Compensation Table" below.

Pension Plans, Non-Qualified Deferred Compensation Plans, Change-In-Control Arrangements and Retirement Plans

The Company does not have any pension plans, non-qualified deferred compensation plans or severance, retirement, termination, constructive termination or change in control arrangements for any of its named executive officers for the year ended December 31, 2015.

Other Benefits

Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, and short and long-term disability, in each case, on the same basis as other employees, subject to applicable laws. We also provide vacation and other paid holidays to all employees, including our named executive officers.

Other Matters

Tax Considerations

Although our Compensation Committee considers the tax and accounting treatment associated with the cash and equity grants it makes, these considerations are not dispositive. Section 162(m) of the Code places a limit of \$1.0 million per person on the amount of compensation that we may deduct in any year with respect to our chief executive officer, chief financial officer and our three most highly compensated executive officers other than the chief executive officer and the chief financial officer. There is an exemption from the \$1.0 million limitation for performance-based compensation that meets certain requirements. Our benefit plans are generally designed to permit compensation to be structured to meet the qualified performance-based compensation exception. To maintain flexibility in compensating named executive officers in a manner designed to promote our Company goals and objectives, our Compensation Committee has not adopted a policy requiring all compensation to be deductible. The Compensation Committee retains the ability to evaluate the performance of our executive officers and to pay appropriate compensation, even if some of it may be non-deductible, to ensure competitive levels of total compensation is paid to certain individuals.

We account for stock-based awards based on their grant date fair value, as determined under FASB ASC Topic 718. In connection with its approval of stock-based awards, the Compensation Committee is cognizant of and sensitive to the impact of such awards on stockholder dilution. The Compensation Committee also endeavors to avoid stock-based awards made subject to a market condition, which may result in an expense that must be marked to market on a quarterly basis. The accounting treatment for stock-based awards does not otherwise impact the Compensation Committee's compensation decisions.

Risk Considerations in our Overall Compensation Program

When establishing and reviewing our executive compensation program, the Compensation Committee has considered whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. While behavior that may result in inappropriate risk taking cannot necessarily be prevented by the structure of compensation practices, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Our compensation program is comprised of both fixed and incentive-based elements. The fixed compensation (i.e., base salary) provides reliable, foreseeable income that mitigates the focus of our employees on our immediate financial performance or our stock price, encouraging employees to make decisions in our best long-term interests. The incentive components are designed to be sensitive to both our short-term and long-term goals, performance and stock price. In combination, we believe that our compensation structures do not encourage our officers and employees to take unnecessary or excessive risks in performing their duties. In conclusion, we believe that our compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on our Company.

COMPENSATION COMMITTEE REPORT

Among the duties imposed on our Compensation Committee under its charter, is the direct responsibility and authority to review and approve the Company's goals and objectives relevant to the compensation of the Company's Chief Executive Officer and other executive officers, to evaluate the performance of such officers in accordance with the policies and principles established by the Compensation Committee and to determine and approve, either as a Committee, or (as directed by the Board) with the other "independent" Board members (as defined by the NYSE MKT listing standards), the compensation level of the Chief Executive Officer and the other executive officers. During 2015, the Compensation Committee was composed of the two non-employee Directors named at the end of this report each of whom is "independent" as defined by the NYSE MKT listing standards.

The Compensation Committee has reviewed and discussed with management the disclosures contained in this Compensation Discussion and Analysis, as required by Item 402(b) of Regulation S-K and, based on such review and discussions, the Compensation Committee recommends to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 for filing with the SEC.

The Company uses the Black-Scholes option pricing model to calculate the fair-value of each option grant. The expected volatility is based on the historical price volatility of the Company's common stock. We elected to use the simplified method for estimating the expected term as allowed by generally accepted accounting principles for options granted during the years ended December 31, 2015, 2014 and 2013. Under the simplified method, the expected term is equal to the midpoint between the vesting period and the contractual term of the stock option. The risk-free interest rate represents the U.S. Treasury bill rate for the expected life of the related stock options. The dividend yield represents the Company's anticipated cash dividend over the expected life of the stock options. The following are the Black-Scholes weighted-average assumptions used for options granted during the periods ended December 31, 2015, 2014 and 2013:

	Risk free interest rate	Expected life (years)	Dividend yield	Volatility
January 1, 2013	0.76%	6.5	-	138%
February 13, 2013	0.92%	6.5	-	137%
March 15, 2013	0.84%	6.5	-	132%
June 25, 2013	1.49%	6.5	-	128%
December 16, 2013	1.55%	6.5	-	119%
April 11, 2014	1.58%	6.5	-	114%
September 25, 2014	1.75%	6.5	-	108%
October 13, 2014	1.45%	6.5	-	107%
November 18, 2014	1.66%	6.5	-	106%
December 1, 2014	1.52%	6.5	-	108%
April 1, 2015	1.32%	6.5	-	103%
December 9, 2015	1.64%	6.5	-	100%

Long Term Incentive Plan

The Ring Energy, Inc. Long Term Incentive Plan (the "Plan") was in existence with Stanford Energy, Inc. ("Stanford") and was adopted by the Board on June 27, 2012, and assumed by the Company upon the acquisition of Stanford. The Plan was also approved by vote of a majority of stockholders on January 22, 2013. The following is a summary of the material terms of the Plan.

Shares Available

Our Plan currently authorizes 5,000,000 shares of our common stock for issuance under the Plan. If any shares of common stock subject to an Award are forfeited or if any Award based on shares of common stock is otherwise terminated without issuance of such shares of common stock or other consideration in lieu of such shares of common stock, the shares of common stock subject to such Award shall to the extent of such forfeiture or termination, again be available for Awards under the Plan if no participant shall have received any benefits of ownership in respect thereof. The shares to be delivered under the Plan shall be made available from (a) authorized but unissued shares of common stock, (b) common stock held in the treasury of the Company, or (c) previously issued shares of common stock reacquired by the Company, including shares purchased on the open market, in each situation as the Board of Directors or the Compensation Committee may determine from time to time at its sole option.

Administration

The Committee shall administer the Plan with respect to all eligible individuals or may delegate all or part of its duties under the Plan to a subcommittee or any executive officer of the Company, subject in each case to such conditions and limitations as the Board of Directors may establish. Under the Plan, "Committee" can be either the Board of Directors or a committee approved by the Board of Directors.

Eligibility

Awards may be granted pursuant to the Plan only to persons who are eligible individuals at the time of the grant thereof or in connection with the severance or retirement of Eligible Individuals. Under the Plan, "Eligible Individuals" means (a) employees, (b) non-employee Directors and (c) any other person that the Committee designates as eligible for an Award (other than for Incentive Options) because the Person performs bona fide consulting or advisory services for the Company or any of its subsidiaries (other than services in connection with the offer or sale of securities in a capital raising transaction).

Stock Options

Under the Plan, the plan administrator is authorized to grant stock options. Stock options may be either designated as non-qualified stock options or incentive stock options. Incentive stock options, which are intended to meet the requirements of Section 422 of the Code such that a participant can receive potentially favorable tax treatment, may only be granted to employees. Therefore, any stock option granted to consultants and non-employee directors are non-qualified stock options.

Options granted under the Plan become exercisable at such times as may be specified by the plan administrator. In general, options granted to participants become exercisable in five equal annual installments, subject to the optionee's continued employment or service with our Company. However, the aggregate value (determined as of the grant date) of the shares subject to incentive stock options that may become exercisable by a participant in any year may not exceed \$100,000.

Each option will be exercisable on such date or dates, during such period, and for such number of shares of common stock as shall be determined by the plan administrator on the day on which such stock option is granted and set forth in the option agreement with respect to such stock option; provided, however the maximum term of options granted under the Plan is ten years.

Restricted Stock

Under the Plan, the plan administrator is also authorized to make awards of restricted stock. Before the end of a restricted period and/or lapse of other restrictions established by the plan administrator, shares received as restricted stock will contain a legend restricting their transfer, and may be forfeited in the event of termination of employment or upon the failure to achieve other conditions set forth in the award agreement.

An award of restricted stock will be evidenced by a written agreement between us and the participant. The award agreement will specify the number of shares of common stock subject to the award, the nature and/or length of the restrictions, the conditions that will result in the automatic and complete forfeiture of the shares and the time and manner in which the restrictions will lapse, subject to the participant's continued employment by us, and any other terms and conditions the plan administrator imposes consistent with the provisions of the Plan. Upon the lapse of the restrictions, any legends on the shares of common stock subject to the award will be re-issued to the participant without such legend.

The plan administrator may impose such restrictions or conditions to the vesting of such shares as it, in its absolute discretion, deems appropriate. Prior to the vesting of a share of restricted stock granted under the Plan, no transfer of a participant's rights to such share, whether voluntary or involuntary, by operation of law or otherwise, will vest the transferee with any interest, or right in, or with respect to, such share, but immediately upon any attempt to transfer such rights, such share, and all the rights related thereto, will be forfeited by the participant and the transfer will be of no force or effect; provided, however, that the plan administrator may, in its sole and absolute discretion, vest in the participant all or any portion of shares of restricted stock which would otherwise be forfeited.

Fair Market Value

Under the Plan, “Fair Market Value” means, for a particular day, the value determined in good faith by the plan administrator, which determination shall be conclusive for all purposes of the Plan. For purposes of valuing incentive options, the fair market value of stock: (i) shall be determined without regard to any restriction other than one that, by its terms, will never lapse; and (ii) will be determined as of the time the option with respect to such stock is granted.

Transferability Restrictions

Notwithstanding any limitation on a holder’s right to transfer an award, the plan administrator may (in its sole discretion) permit a holder to transfer an award, or may cause the Company to grant an award that otherwise would be granted to an eligible individual, in any of the following circumstances: (a) pursuant to a qualified domestic relations order, (b) to a trust established for the benefit of the eligible individual or one or more of the children, grandchildren or spouse of the eligible individual; (c) to a limited partnership or limited liability company in which all the interests are held by the eligible individual and that person’s children, grandchildren or spouse; or (d) to another person in circumstances that the plan administrator believes will result in the award continuing to provide an incentive for the eligible individual to remain in the service of the Company or its subsidiaries and apply his or her best efforts for the benefit of the Company or its subsidiaries. If the plan administrator determines to allow such transfers or issuances of awards, any holder or eligible individual desiring such transfers or issuances shall make application therefore in the manner and time that the plan administrator specifies and shall comply with such other requirements as the plan administrator may require to assure compliance with all applicable laws, including securities laws, and to assure fulfillment of the purposes of the Plan. The plan administrator shall not authorize any such transfer or issuance if it may not be made in compliance with all applicable federal and state securities laws. The granting of permission for such an issuance or transfer shall not obligate the Company to register the shares of stock to be issued under the applicable award.

Termination and Amendments to the Plan

The Board of Directors may (insofar as permitted by law and applicable regulations), with respect to any shares which, at the time, are not subject to awards, suspend or discontinue the Plan or revise or amend it in any respect whatsoever, and may amend any provision of the Plan or any award agreement to make the Plan or the award agreement, or both, comply with Section 16(b) of the Exchange Act and the exemptions therefrom, the Code, the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), the regulations promulgated under the Code or ERISA, or any other law, rule or regulation that may affect the Plan. The Board of Directors may also amend, modify, suspend or terminate the Plan for the purpose of meeting or addressing any changes in other legal requirements applicable to the Company or the Plan or for any other purpose permitted by law. The Plan may not be amended without the consent of the holders of a majority of the shares of Common Stock then outstanding to increase materially the aggregate number of shares of stock that may be issued under the Plan except for certain adjustments.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

Certain Relationships and Related Transactions

The office space being leased by the Company in Tulsa, Oklahoma, is owned by Arenaco, LLC, a company that is owned by Mr. Rochford, Chairman of the Board, and Mr. McCabe, a Director of the Company. During the years ended December 31, 2012 through December 31, 2015, the Company paid an aggregate of \$172,000 to Arenaco, LLC, for the lease of the office space.

Review, Approval or Ratification of Transactions with Related Parties

The Board of Directors reviews and approves all relationships and transactions in which it and its directors, director nominees and executive officers and their immediate family members, as well as holders of more than 5% of any class of its voting securities and their family members, have a direct or indirect material interest. In approving or rejecting such proposed relationships and transactions, the Board shall consider the relevant facts and circumstances available and deemed relevant to this determination. In each case the standard applied in approving the transaction is the best interests of the Company without regard to the interests of the individual officer or director involved in the transaction. These procedures for reviewing and approving conflict of interest transactions are based on the Company's past practice and are not contained in any written policy.

Director Independence

The standards relied upon by the Board in determining whether a director is "independent" are those set forth in the rules of the NYSE MKT. The NYSE MKT generally defines the term "independent director" as a person other than an executive officer or employee of a company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director. Because the Board believes it is not possible to anticipate or provide for all circumstances that might give rise to conflicts of interest or that might bear on the materiality of a relationship between a director and the Company, the Board has not established specific objective criteria, apart from the criteria set forth in the NYSE MKT rules, to determine "independence". In addition to the NYSE MKT criteria, in making the determination of "independence", the Board considers such other matters including, without limitation, (i) the business and non-business relationships that each independent director has or may have had with the Company and its other Directors and executive officers, (ii) the stock ownership in the Company held by each such Director, (iii) the existence of any familial relationships with any executive officer or Director of the Company, and (iv) any other relevant factors which could cause any such Director to not exercise his independent judgment.

Consistent with these standards, our Board has determined that Messrs. Woodrum and Petrelli are each "independent" directors within the meaning the NYSE MKT definition of independent director set forth in the Company Guide, Part 8, Section 803(A). The Board has also determined that Messrs. Rochford and McCabe are "independent" directors under the same definitions.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information furnished by current management and others, concerning the ownership of our common stock by (i) each person who is known to us to be the beneficial owner of more than five percent (5%) of our Common Stock, without regard to any limitations on conversion or exercise of convertible securities or warrants; (ii) all directors and named executive officers; and (iii) our directors and executive officers as a group. The mailing address for each of the persons indicated in the table below is our corporate headquarters. The percentage ownership is based on 41,917,061 shares outstanding at November 11, 2016.

Beneficial ownership is determined under the rules of the SEC. In general, these rules attribute beneficial ownership of securities to persons who possess sole or shared voting power and/or investment power with respect to those securities and includes, among other things, securities that an individual has the right to acquire within 60 days. Unless otherwise indicated, the stockholders identified in the following table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Section 16(a) reports furnished to us for our most recent fiscal year, we know of no director, officer or beneficial owner of more than ten percent of our Common Stock who failed to file on a timely basis reports of beneficial ownership of the our Common Stock as required by Section 16(a) of the Securities Exchange Act of 1934, as amended.

**PROPOSAL 2: NON-BINDING, ADVISORY VOTE TO APPROVE
NAMED EXECUTIVE OFFICER COMPENSATION**

The stockholders of the Company are entitled to vote at the Annual Meeting to approve the compensation of the Company's named executive officers, as disclosed in this proxy statement. The shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company, the Board or the Compensation Committee. Although the vote is non-binding, the Compensation Committee and the Board value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

As described under the heading "Compensation Discussion and Analysis," our compensation policies and programs support our key business objectives of creating value for, and promoting the interests of, our stockholders. In order to align the interests of our named executive officers with those of our stockholders, we believe that each named executive officer's total annual cash compensation should vary with the performance of the Company and that long-term incentives awarded to named executive officers should be aligned with the interests of the Company's stockholders. Specifically, the primary objectives of our compensation policies are as follows:

- Attract and retain qualified executives;
- Motivate and reward executive performance; and
- Enhance profitability of the Company and stockholder value by aligning long-term incentives with stockholders' long-term interests.

The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the SEC's compensation disclosure rules. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the Board and the Compensation Committee will evaluate whether any actions are necessary to address the concerns of the stockholders.

BOARD RECOMMENDATION ON PROPOSAL

The Board unanimously recommends a vote **FOR** the approval of the compensation paid to our named executive officers as set forth in this proxy statement.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised of two independent, non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy the NYSE MKT listing standards. The Board has determined that one of the members of the Audit Committee, Mr. Woodrum, is an “audit committee financial expert” as defined by rules of the SEC.

The Audit Committee’s responsibilities are set forth in the Audit Committee Charter, as may be amended from time to time by the Board. The principal functions of the Audit Committee are to assist the Board in monitoring the integrity of our financial statements, the independent auditor’s qualifications and independence, the performance of our independent auditors and our compliance with legal and regulatory requirements. The Audit Committee has the sole authority to retain and terminate our independent auditors and to approve the compensation paid to our independent auditors. The Audit Committee is also responsible for overseeing our internal audit function. This is a report on the Audit Committee’s activities relating to 2015.

Review of Audited Financial Statements with Management

The Audit Committee has reviewed and discussed the Company’s audited financial statements and management’s discussion and analysis of the Company’s financial condition and results of operation with management of the Company for the fiscal year ended December 31, 2015.

Review of Financial Statements and Other Matters with Independent Registered Public Accounting Firm

The Audit Committee discussed with Eide Bailly, the Company’s independent registered public accounting firm, the matters required to be discussed as described in Statement on Auditing Standards (“SAS”) No. 61 - Communication with Audit Committees. The Audit Committee has received and reviewed the written disclosures and the letter from Eide Bailly required by applicable Public Company Accounting Oversight Board requirements regarding the firm’s communications with the Audit Committee concerning independence and has discussed with Eide Bailly the independent registered public accounting firm’s independence. These discussions included a review of all audit and non-audit services (including tax services) provided by Eide Bailly to the Company. The Audit Committee has also considered whether the provision of non-audit services to the Company by Eide Bailly LLP is compatible with maintaining their independence.

Recommendation that Financial Statements be Included in the Annual Report

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements referred to above be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the SEC.

THE AUDIT COMMITTEE,

Clayton E. Woodrum (Chairman)
Anthony B. Petrelli

PRINCIPAL INDEPENDENT PUBLIC ACCOUNTANT FEES AND SERVICES PAID IN 2015 AND 2014

The Audit Committee selected Eide Bailly as its independent registered public accounting firm for the fiscal years ended December 31, 2014 and 2015. The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services and other services performed by the independent auditor.

Fees and Independence

Eide Bailly billed the Company an aggregate of \$100,000 for professional services rendered for the review of the Company's financial statements included in its Form 10-Q's for 2014 and the audit of the Company's financial statements for the year ended December 31, 2014 and an aggregate of \$105,000 for professional services rendered for the review of the Company's financial statements included in its Form 10-Q's for 2015 and the audit of the Company's financial statements for the year ended December 31, 2015.

The Audit Committee of the Board of Directors has determined that the provision of services by Eide Bailly described above is compatible with maintaining Eide Bailly's independence as the Company's principal accountant. The policy of the Audit Committee and our Board, as applicable, is to pre-approve all services by our independent registered public accounting firm. The Audit Committee has adopted a pre-approval policy that provides guidelines for the audit, audit-related, tax and other non-audit services that may be provided by our independent registered public accounting firm. The policy (a) identifies the guiding principles that must be considered by the Audit Committee in approving services to ensure that the independent registered public accounting firm's independence is not impaired; (b) describes the audit, audit-related, tax and other services that may be provided and the non-audit services that are prohibited; and (c) sets forth the pre-approval requirements for all permitted services. Under the policy, all services to be provided by our independent registered public accounting firm must be pre-approved by the Audit Committee.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF EIDE BAILLY LLP

With authority granted by our Board, the Audit Committee has appointed Eide Bailly LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2016. Although stockholder ratification of the selection of Eide Bailly LLP is not required, the Audit Committee and our Board consider it desirable for our stockholders to vote upon this selection. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interest of our stockholders and us.

Representatives from Eide Bailly LLP will be present at the Annual Meeting. These representatives will have the opportunity to make a statement if they so desire to do so, and they are expected to be available to respond to appropriate questions.

BOARD RECOMMENDATION ON PROPOSAL

From time to time, the Nominating and Corporate Governance Committee may request additional information from the nominee or the stockholder. For additional information about the notice requirements for director nominations, see our bylaws. For any other business that a stockholder desires to bring before an annual meeting, the stockholder notice must provide a brief description of such business, the reasons for conducting the business and any material interest in the business of the stockholder and any beneficial owner on whose behalf the stockholder has made the proposal. For additional information about the notice requirements for other stockholder business, see our bylaws.

Under Rule 14a-4(c) of the Exchange Act, our Board may exercise discretionary voting authority under proxies solicited by it with respect to any matter properly presented by a stockholder at the 2017 Annual Meeting of Stockholders that the stockholder does not seek to have included in our proxy statement if (except as described in the following sentence) the proxy statement discloses the nature of the matter and how our Board intends to exercise its discretion to vote on the matter, unless we are notified of the proposal on or before February 25, 2017, such notice being delivered or mailed to our Secretary, and the stockholder satisfies the other requirements of Rule 14a-4(c)(2). If we first receive notice of the matter after February 25, 2017, and the matter nonetheless is permitted to be presented at the 2017 Annual Meeting of Stockholders, our Board may exercise discretionary voting authority with respect to the matter without including any discussion of the matter in the proxy statement for the meeting. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with the requirements described above and other applicable requirements.

OTHER BUSINESS

Our Board knows of no matter other than those described herein that will be presented for consideration at the Annual Meeting. However, should any other matters properly come before the Meeting or any adjournments thereof, it is the intention of the person(s) named in the accompanying proxy to vote in accordance with their best judgment in the interest of our Company and our stockholders.
