(“Ring Energy”) Retail Voting Program ("Voting Program"), a new, voluntary initiative that will permit retail (i.e. individual) shareholders to opt in and set a standing voting instruction to vote their shares in accordance with the Ring Energy Board’s recommendations. Subsequent pages capture the details of the enrollment websites as well as information on the Voting Program to be set forth on the Ring Energy website.

IMPORTANT INFORMATION ABOUT THE RING ENERGY RETAIL VOTING PROGRAM

In connection with any shareholder vote, including any annual or special shareholder meetings, Ring will file with the U.S. Securities and Exchange Commission (the “SEC”) a definitive proxy statement on Schedule 14A and proxy card (together, “Proxy Materials”) with respect to its solicitation of proxies therefor. The Proxy Materials will contain important information about the matters to be voted on at that specific meeting as well as the participants in any such solicitation.

SHAREHOLDERS OF RING ENERGY ARE URGED TO READ THESE PROXY MATERIALS (INCLUDING ANY AMENDMENTS OR SUPPLEMENTS THERETO) AND ANY OTHER RELEVANT DOCUMENTS WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT RING ENERGY AND THE MATTERS TO BE VOTED ON AT THAT SPECIFIC MEETING.

Shareholders will be able to obtain free copies of all Proxy Materials and other documents filed with the SEC by Ring Energy through the website maintained by the SEC at www.sec.gov. Copies of these documents will also be available for free at the Ring Energy website (www.ringenergy.com) or by contacting Investor Relations at Individual.Stockholder@ringenergy.com.

How does the voting service work?

- As part of the service, after Ring Energy files its proxy statement, your shares will be voted according to the Board of Directors' recommendations.
- You can change your vote on any proposal related to any meeting by following the voting instruction included with your proxy materials.

What communications can I expect from Ring Energy as part of this service?

- Update you annually on your enrollment status
- Provide instructions on how to opt out or update your voting preferences
- Share a list of prior proposals the Board recommended

Who can participate in this free service?

All shareholders, including beneficial owners, registered shareholders, and participants in company-sponsored equity or retirement plans.

The service doesn't limit your voting choices—you can always vote differently on any proposal. If you opt in but later vote directly on a specific proposal, your vote will override the Board recommendation. As always, you'll receive proxy materials before each meeting, outlining all the proposals and the Board's recommendations.

What can I expect after enrolling?

Once you enroll, your shares will be voted according to the Board's recommendations—no further action is needed on your part. However, you can change your vote on any proposal at any time by voting directly; your most recent vote will always take precedence. You will continue to receive proxy materials before each meeting, which will outline all proposals and the Board's recommendations.

Can I opt out of the service later?

You can opt out of the service at any time and at no cost, which will stop your votes from being cast. If you decide to opt out after Ring Energy has filed a definitive proxy statement for an upcoming meeting, then your opt-out will apply to all future meetings after that one. For the current meeting, you can still change your vote by following the instructions in your proxy materials.
